Dear Parent/Guardian

This year, **Mary M. Knight** is making a special effort to ensure that all students fully benefit from their education by attending school regularly. Attending school regularly helps children feel better about school—and themselves. Every day at school is important. Consistent attendance will help children do well throughout their lives.

WHAT WE NEED FROM YOU

If your student is going to be absent, please contact **the school office** at **360.426.6767 ext. 6**. Your student is missed when they are not at school. We value their contributions and their learning. We would like you to help ensure that your student attends regularly and is successful in school.

OUR PROMISE TO YOU

We know that there are a wide variety of reasons that students are absent from school, from health concerns to transportation challenges. There are many people in our building prepared to help you if you or your student face challenges in getting to school regularly or on time. We promise to track attendance daily, to notice when your student is missing from class, communicate with you to understand why they were absent, and to identify barriers and supports available to overcome challenges you may face in helping your student attend school. We take attendance daily and will notify you when your child is absent.

SCHOOL POLICIES AND STATE LAWS

It is important that you understand our school policies and procedures, as well as Washington State Law, to ensure your child is successful in school. State law for mandatory attendance, called the Becca Bill, requires children from age 8 to 17 to attend a public school, private school, or a district-approved home school program. Children that are 6- or 7-years-old are not required to be enrolled in school. However, if parents enroll their 6- or 7-year-old, the student must attend full-time. Youth who are 16 or older may be excused from attending public school if they meet certain requirements.

<http://apps.leg.wa.gov/rcw/default.aspx?cite=28A.225>

If your student has two unexcused absences in one month, state law (RCW 28A.225.020) requires we schedule a conference with you and your student to identify the barriers and supports available to ensure regular attendance. The district is obligated to develop a plan that may require an assessment to determine how to best meet the needs of your student and reduce absenteeism.

In elementary school after five excused absences in any month, or ten or more excused absences in the school year, the school district is required to contact you to schedule a conference at a mutually agreeable, reasonable time with at least one district employee, to identify the barriers and supports available to you and your student. A conference is not required if your student has provided a doctor's note, or pre-arranged the absence in writing, and the parent, student and school have made plan so your student does not fall behind academically. If your student has an Individualized Education Plan or a 504 Plan the team that created the plan needs to reconvene.

If your student has seven unexcused absences in any month or ten unexcused absences within the school year, we are required to file a petition with the Juvenile court, alleging a violation of RCW 28A.225.010, the mandatory attendance

Portions of this letter are attributable to Attendance Works <http://www.attendanceworks.org/>

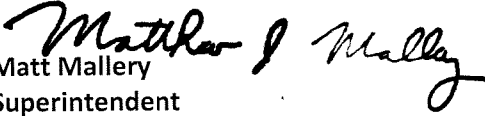

laws. The petition may be automatically stayed and your student and family may be referred to a Community Truancy Board, or you and your student may need to appear in Juvenile Court. If your student continues to be truant you may need to go to court.

MMK wants each student at school each school day!

WHAT YOU CAN DO

- Set a regular bed time and morning routine.
- Prepare for school the night before, finishing homework and getting a good night's sleep.
- Find out what day school starts and make sure your child has the required immunizations.
- Don't let your student stay home unless they are truly sick. Keep in mind complaints of a stomach ache or headache can be a sign of anxiety and not a reason to stay home.
- Avoid appointments and extended trips when school is in session.
- Develop back-up plans for getting to school if something comes up. Call on a family member, a neighbor, or another parent.
- Keep track of your student's attendance. Missing more than 9 days could put your student at risk of falling behind.
- Talk to your student about the importance of attendance.
- Talk to your students' teachers if you notice sudden changes in behavior. These could be tied to something going on at school.
- Encourage meaningful afterschool activities, including sports and clubs.

Sincerely,

Matt Mallery
Superintendent
