

Mary M Knight Snow Routes

Due to road conditions during times of inclement weather MMK Transportation may need to operate on snow routes. Times listed are best estimates, as no two weather days are the same and that may affect schedules. If a late start is called, you will need to add the same amount of time to the AM route, e.g., if your stop is listed as 8:00 AM and a two-hour late start is called, the stop time would now be 10:00 AM. If your regular stop is not on the list, please use the closest available stop.
