The non-resident school district must accept your child before another school district can release a student. Separate forms must be completed for each student. In addition to the foregoing, all inter-district (non-resident) transfer requests must be in compliance with the above Districts' policies including but not limited to, attendance and athletic/academic standards. Request can be denied on the basis of (1) class sizes; (2) space available at grade level; (3) appropriate educational programs or service are available to improve student's condition; (4) students attendance in the district is not likely to create a risk to the health or safety of other students or staff; (5) financial hardships on receiving school district and/or other provisions defined in the above Districts' policies. Also note that requests are approved for no more than one school year. (It is the parent's responsibility to complete a new form each year.) In the event that either the application for admission to the non-resident district or the request for release from your resident district is denied, you may appeal to the Office of Superintendent of Public Instruction, Olympia, WA.

The criteria for Inter-District Transfer Request (non-resident admission), as established by the Board of Directors in each school district listed above for approval of such transfer request, is as follows: (check only one)

- There is a **financial, educational, safety, or health** condition affecting the student that would likely be reasonably improved as a result of the transfer.
- The student's attendance in the non-resident district makes him or her more accessible to the parent or guardian's **place of work** or to the **location of childcare**.
- There is a **special hardship or detrimental condition** affecting the student or the student's immediate family that would be alleviated as a result of the transfer.
- Students who **move into the district in mid-year** may finish the school year in their former district.
- Students in grades eleven and twelve who move into the district may complete their high school program in the former district.

**It is understood that the parent/guardian must assume responsibility for adequate transportation to and from school.**
